Celebrating

of Business

VIAANTE COMPLETES 10 YEARS IN BUSINESS

Viaante is celebrating 10 years of its wonderful journey of providing valuable services.

We thank all our employees, customers and partners who have been our pillar of strength and contributed to our success.

As we turn over a new chapter in our journey we are looking forward to your continued support and trust.

For us, employees are our most valuable assets. We focus on employee's health and safety, workplace conditions, personal development, work/life balance, and remuneration to ensure a happy, motivated workforce.

Viaante conducted two events for employees so far this year

R&R EVENT

May 2022

Viaante celebrated the success of its employees by holding a virtual R&R Event and rewarding them

TEAM-BUILDING EVENT

July 2022

Viaante held a Team Building Event to motivate employees and boost their confidence and team spirit

VIAANTE'S PARTNERSHIP NEWS

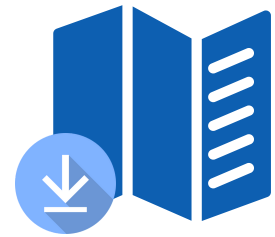

Viaante has recently partnered with Healthware Systems to offer integrated services to the Healthcare Industry with our complete end-to-end automation solutions.

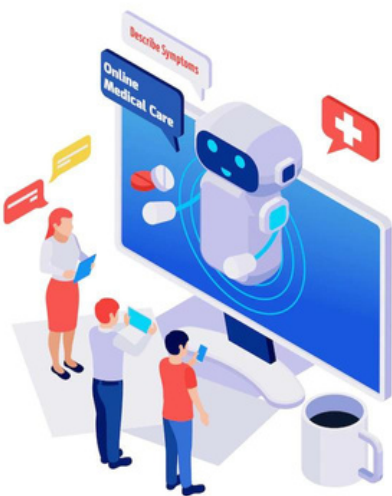

Introducing V-BOTS in association with Healthware Systems

DO YOU WANT TO OPTIMIZE RCM WITH RPA ?

Viaante's software robots (V-BOTS) are designed to communicate directly with other software applications and websites using the user interface that is already in place. The robot will log into any application, navigate the user interface, fill in fields, respond to prompts, capture results, and perform all of the same tasks as a human. Software robots may adapt to particular use cases and outliers using artificial intelligence to manage nearly any circumstance or job procedure.

WHY RPA ?

- ✓ Seamless Integration
- ✓ Increased regulatory compliance as steps are monitored and documented
- ✓ Improved accuracy as human errors are reduced
- ✓ Decreased operational costs Increased cycle times
- ✓ Increased efficiencies as robots work round the clock
- ✓ Better productivity as robots carry out repetitive tasks faster
